## EDUCATION

APR 2023

### COMPUTER PROGRAMMING / ONTARIO COLLEGE DIPLOMA

DURHAM College, Oshawa, Ontario

Successfully Graduated with the Dean's honor list.

## EXPERIENCE

JAN 2014 – SEP 2014

### WEB DESIGNER

DAVOS Media Tech, Seoul, S Korea

- Acted as a strong team player in a tight schedule
- Always tried to understand the client's point of view.
- Created online shopping websites (mostly for fashion goods)
- Carried out all the tasks needed to finish the website: including installing the lighting, preparing the goods, taking pictures, and editing/ retouching the photos using Adobe photoshop and illustrator

MAY 2013 – DEC 2013

### NETWORK CABLING TECHNICIAN

DAVOS Media Tech, Seoul, S Korea

- Installed, maintained, and repaired commercial network cables for digital set-top box
- To provide a network connection to the set-top-box, employed various kinds of network devices. Sometimes it needed a creative way of connecting by the location.
- Depending on the installed location, meeting the building owner's requirement is challenging. Good negotiation skills, collaboration, and creative thinking are required and it was successful.

MAY 2010 – APR 2013

### COMPUTER/LAPTOP REPAIR TECHNICIAN

NEO Computer, Seoul, S Korea

- 70% of hardware assembling/disassembling and troubleshooting, 30% of OS/ software installation and setting.
- In any circumstances, the customer's satisfaction was the first consideration
- Voluntarily worked extra hours to meet the customer's deadline

Hiring Manager  
HR Department  
Qualicum Innovations  
1201-2235 Sheppard Avenue East  
Toronto ON M2J 5B5

Dear Human Resources Manager

### Computer Programmer Position

I'm Eugene Shin, ready to work and learn with **a highly motivated and positive attitude**. I know the ultimate goal is the client's satisfaction with your company through innovative software solutions and system integration. I would be proud to serve as a part to achieve the goal.

I have **worked with many customers and clients**, and always surpassing the client's expectations has been the top priority during my carrier. I never hesitated to work extra hours and extra effort to do this. This was not only because I love seeing the client's smiles when the work is done, but also because I enjoy working with computers. I choose to learn computer programming to dive deep into this industry, which is what I love. **Collaborating with project managers** and other related partners was always successful and I have always been a good listener. I've learned not only the languages such as C++, RDMBS, HTML, JavaScript, React and etc but also learned the fundamental theories to understand important concepts such as **Object Oriented programming** and **Automated Software testing techniques**.

I would love the chance to further discuss the position and what skills I'd bring to the job. I can be reached at 905-977-0000 or via email at [aask@mail.com](mailto:aask@mail.com). Thank you for taking the time to consider my application.

Sincerely,

Eugene Shin
